My Y Story from Tiffany Barber

My sons Liam and Elijah loved Mountain Mist Day Camp last summer and they are going again this year. Liam is very good at computers and enjoyed STEM Camp. Eli likes nature stuff. He is not normally an outdoors kid but he loved camp especially the hikes up the mountain.

Mr. Brazel (camp director Bryan Brazel) was Liam's camp counselor and now is Elijah's teacher at Israel Putnam.

I like how Mr. Brazel really cares about the kids and connects with them. He is always willing to find a way to make things work.

We have tried other Y programs too. My sons tried basketball and all the other kids were so helpful and accepting. The Y staff is great too. When my son took swim lessons his goggles broke and the instructor gave him a pair of goggles. She did not have to do that.

If a friend asked me about the Y I would definitely recommend Mountain Mist and the Y programs.
